Linc:  
Okay, we in El Monte will call you at the given number at 7:30  
a.m. PST. In  
the event that Jackie dials you before we do, would you then  
connect us El  
Monte at 626-350-6493 (because we'll get a busy signal)? Are  
there others  
from EPA besides Bill Charmley and you?

Jackie:  
At what number would you want us to connect you for this  
conference?-----Duc
